TEXAS LEGISLATURE.

House Rejects Appropriation Bill Agreed upon in Conference.

THE BILL WILL PASS.

Senate Will Not Recede from Its Action and the House Will Not Be Held Responsible for Another Special Session.

Austin, Oct. 1.—The house by a vote of 52 to 45 rejected the report of the free conference committee on the general appropriation bill, and voted to send the bills back to the same committee for further consideration. The house does not insist upon this bill in toto, but some of the changes made by the conference committee were vigorously attacked. The conference committee was urged to adjust the bill to meet the view of the house with respect to these items, but if the conference committee stands pat or rather, if the senate conferees refuse to recede, the outlook is that the bill will nevertheless be adopted.

To again reject the report of the conference committee would mean that there would be a third special session, and there are not enough members willing to accept the responsibility for a third called session. Therefore the character of the bill that will be passed will depend altogether upon the view the senate may take concerning the action of the house.

The senate can insist upon the bill, declining to grant another conference, or it can meet the view of the majority of the house, just as it sees fit. The chances are that the senate will refuse to recede from its position to grant a new conference.

According to a strict construction of parliamentary rules, the bill is dead. The senate adopted the report of the conference committee and tabled a motion to reconsider its own action. Adhering to parliamentary rules, it cannot grant another conference except by unanimous consent, and as indicated above, it is not apt to deviate from the letter of parliamentary rules. The house has placed itself almost in same predicament.

The senate reconsidered its action in refusing to confirm the appointment of R. B. Levy as judge of the Fourth judicial district and Mr. Levy was confirmed.

Mallory Line's New Steamer.

New York, Oct. 1.—The new Mallory line steamer Denver is promised for delivery at her dock in New York the middle of next week, and if her builders fulfill their promise she will sail for Galveston Saturday week on her maiden trip. She is reported to be the finest vessel ever built for the coastwise trade. Her passenger accommodations are unsurpassed and her freight carrying capacity double that of the present steamers of the line. She will reduce the time between New York and Galveston by water to about five and a half days.

Punishment for a Soldier.

Washington, Oct. 1.—General Brooke has approved the sentence of Private Peter J. Devine, troop H, Eleventh cavalry, who was tried by a general court-martial at Fort Ethan Allen, Vt., on the charge of "using disrespectful words against the president of the United States in violation of the nineteenth article of war." He was found guilty of the charge by the court and sentenced to be dishonorably discharged from the service of the United States, forfeiting all pay and allowances due him, and to be confined at hard labor for one year.

No Decision Rendered.

Indianapolis, Oct. 1.—Governor Durbin has informed the Kentucky officials here with a requisition from Governor Beckham of Kentucky for the return to that state for trial of W. S. Taylor and Charles Finley charged with complicity in the Goebel murder, that he would not render a formal decision until he had the evidence and that would not be for a week or more.

Move Against Dueling.

Berlin, Oct. 1.—Prince Karl Loewenstein has issued a summons for a conference against dueling to meet in Lipsic Oct. 19. His appeal is signed by numerous members of the Centrist or Clerical party in the reichstag. The whole question of dueling will be thoroughly discussed by Catholic and Protestant politicians.

Assignment at Memphis.

Memphis, Oct. 1.—Z. H. Estes & Co., a well known grocery and cotton firm here, has assigned. The liabilities are placed at \$116,750 with assets estimated at \$250,000. It is understood that the firm will pay all creditors in full and resume business as soon as the present cotton crop begins to move.

Miss Lemly Burned to Death.

Charlotte, N. C., Oct. 1.—Miss Laura Lemly, aged 45, a sister of Judge Advocate Lemly, was burned to death at her

home in Salem, N. C., Monday. Her clothing caught fire from a kitchen stove and she was so badly burned that death resulted in four hours.

Will Send No Delegation.

London, Oct. 1.—"Mr. Kruger," says a dispatch to the Daily Mail from Brussels, "has abandoned the idea of sending a delegation to the president of the United States, having ascertained that Mr. Roosevelt will pursue the policy of non-intervention."

IMMIGRATION TEST.

Those Reaching Australia Required to Write in English Language.

London, Oct. 1.—The Melbourne correspondent of The Times says that Mr. Barton, the premier, in an interview, replied to the accusations made by Mr. Reid in debates in the commonwealth parliament.

Mr. Barton says the policy embodied in the immigration restriction bill decided upon before any ministerial change of the principles and policy laid down in the dispatch sent by Mr. Barton to Mr. Barton's memorandum in regard to the dispatch, which caused such a bitter dispute in the commonwealth parliament was disclaimed, and a reiteration of the views the cabinet held previous to the receipt of the letter from the colonial secretary.

The education test provided by the immigration restriction bill is that the immigrants must write 50 words in English from dictation by an immigration officer. Mr. Barton says the majority of members of the federal parliament favor the substitution of European languages for English at the desire of the immigrant. This change has not yet been decided upon. Mr. Barton does not favor the suggestion that the Japanese language be allowed as a test.

Agitation against black labor of any description has been begun in Western Australia.

Convicted of Forgery.

San Francisco, Oct. 1.—Ex-Captain John M. Neall, formerly in command of troop D, Fourth United States cavalry, was convicted in the United States district court of forging the name of Colonel F. M. Cox, United States paymaster, to a voucher for \$400, the property of Private John Cranson of his troop.

Famine in Shansi.

Tacoma, Oct. 1.—The famine situation in Shansi province has become more serious than ever, according to Chinese advices received here. The Chinese court is appalled by the utter desolation which prevails everywhere. Within Hsian Fu are 72 kitchens constantly preparing millet gruel for the starving, and yet the number of deaths averaged 700 daily for six weeks.

POLICY OF KITCHENER

Prohibits Luxuries to Longer Be Carried by the Army.

HARMONY IS LACKING

British Officers No Longer Stand by Each Other—Botha's Last Attack Cannot Be Called Guerrilla Tactics in Any Way.

London, Oct. 1.—While Gen. Kitchen's order prohibiting the carriage of pianos and kitchen ranges with mobile columns is exciting the ridicule of the French and German press, it does not indicate the real source of the weakness of the British campaign in South Africa. Military men who know the secret history of the operations assert that the luxurious habits of the officers have been a more serious obstacle than lack of harmony and esprit de corps.

They state that the British officers have always stood by each other and worked together until this campaign, when they have been pulling apart and fighting against one another during the campaign. Military feuds and jealousies have been the chief obstacles encountered by Gen. Kitchen.

Of the defense of the Zulu forts, however, as the details are now explained, indicates that the army remains in good fighting form, but accounts are contradictory. The Boers have again displayed great determination in making stands under Botha's leadership and have dispelled the opinion that operations can be described as guerrilla raids.

The war office is drawn a second time into emphatic denials of any want of co-operation and tact between General Kitchen and the military authorities at home.

A dispatch from Pretoria says that while Commandant General Botha was attacking the Natal forts a party of about 40 Boers invaded Zululand and raided cattle belonging to the natives. The burghers then offered to return the cattle as the chief would not undertake to defend the border against the Boers. The chief replied that he would remain true to his king.

Botha's move on the border was clever and enabled him to strike a point a long distance from any railway. Now, however, his only alternatives are the invasion of Zululand or a rapid retreat along its northeast frontier.

Andrew Douglas Dead.

New York, Oct. 1.—Andrew Ellicott Douglas is dead, aged 82. He was born in West Point, N. Y., Nov. 18, 1819, and was the son of Major G. B. Douglas, whose wife was a daughter of Andrew Ellicott, professor of mathematics at West Point. He was graduated from the Kenyon college in 1838. Mr. Douglas engaged in business in New York in the concern which became the Hazard Powder company. After his retirement he devoted a great deal of his time to the exploration of Indian remains in this country. He made a collection of over 22,000 archaeological specimens, now exhibited in the American Museum of National History.

Cherokee Constable Killed.

Fort Smith, Ark., Oct. 1.—James Knight, a constable, was killed Saturday night at Cherokee Junction, a small town in the Cherokee Nation, several miles from this city. He was going to his home when he heard a man coming along the railroad track whooping and shouting his pistol. Stepping to the track, he called upon the offender to surrender, but the latter leveled his revolver at him and fired, the ball entered his left breast just below the heart. The assailant fled and his identity unknown. Knight died a few hours after receiving the shot.

Postoffice Estimate.

Washington, Oct. 1.—The official estimates for the fiscal year beginning July 1, 1902, which Postmaster General Smith will submit to congress at the opening of the session, call for an aggregate of \$6,250,000 for rural free delivery service throughout the country. This is an increase of \$2,750,000 over the expense of that rapidly growing service for the current year. The total for the free delivery service proper, which is that operated in cities, is \$18,745,000, an increase of 9 per cent.

Raid on Joints.

NEGRO LYNCHED.

Taken from His Home Near Hallsville by a Mob and Killed.

Marshall, Tex., Oct. 1.—The negro Tom Walker, who killed Julian Atwood at Hallsville, is still at large. Posses are still searching for him. Tom Walker is the son of Anthony Walker, who was hanged here a number of years ago for the murder of a mill man named Henry.

The inquest over the body of the negro Muckelroy disclosed the fact that the latter's home was entered by two white men. They took the negro out of the house and into the woods. Shortly afterwards screams were heard, and when the men went to where they heard the noise they found Muckelroy unconscious on the ground. From the surroundings the negro seems to have been hanged.

Beaten by Negroes.

Luling, Tex., Oct. 1.—At a negro supper on the farm of Dan Darling, about four miles south of here, Deputy Sheriff John Hall and Dan Darling were badly beaten up by a crowd of negroes. Deputy Sheriff Hall, accompanied by Darling went to arrest a negro for non-payment of a fine and the negro ran into the house, the deputy after him. When he caught the negro in the room, several negroes jumped on the deputy, beating him over the head with a piece of iron and other edgels. When Darling started to the deputy's assistance, he was felled in the yard by an unknown negro. Both the deputy and Darling are badly used up and confined to his bed from wounds on his head. Officers left at once for scene as soon as notified and now have five negroes in jail and are hot after four more said to be implicated in the row.

Tragedy Near Lake Charles.

Lake Charles, La., Oct. 1.—W. A. Jenkins of Long Leaf, La., was placed in jail here Tuesday for shooting a man named Rufus Climer. The shooting occurred at Long Leaf. Jenkins claims that Climer pulled a pistol on him and was about to kill him and he ran for his gun and came back and shot Climer, the buckshot with which the gun was loaded taking effect in his right arm, shoulder and face. The arm was broken at the wrist.

Was Shot Four Times.

Corsicana, Tex., Oct. 1.—Joseph Middlebrooks was shot four times Sunday night near Montfort, 12 miles east of this place, but was not seriously wounded. One shot took effect in the ankle, two in the thigh and one in the fleshy part of the hip. Deputy Sheriff Jim Finch appeared on the scene soon after the shooting and B. D. Doyle surrendered to him. Doyle waived examination and was placed under a \$750, which was immediately given.

Number Wells at Beaumont.

Beaumont, Tex., Oct. 1.—The number of wells brought in during the month of September is 20. The August record is 23 and the number brought in previous to Aug. 1 was 20, making a total of 63 gushers at the close of this month.

Aged Texan Dead.

Corsicana, Tex., Oct. 1.—Robert E. LeBeau, aged 85 years, who has been a resident of this city for a quarter of a century, was stricken with paralysis last Friday afternoon, is dead. His aged wife survives him. Mrs. LeBeau was the first white child born in Chicago and her father erected the first wooden building there.

Defective Spelling Trapped Him.

Cincinnati, Oct. 1.—The inability of John Posey, aged 20, to spell the word "please" correctly sent him to the workhouse for four months. Posey was in the police court charged with obtaining goods by false pretenses from a grocery store here. He denied the charge, and efforts to connect him with the theft were futile until he was told by the court to write "please" on a piece of paper to compare it with the word written on orders sent the grocer, on which the goods were delivered. Posey wrote it "plese" as it appeared on the orders. "I would have dismissed you" said the court, "but that 'plese' is too convincing."

Two More Warships Launched.

New York, Oct. 1.—The torpedo boat destroyer Nicholson of the United States navy and the Holland submarine boat Porpoise have been successfully launched at the Nixon ship yards at Elizabethport, N. J. The Nicholson is one of the same class as the O'Brien which was launched a few weeks ago at the same yard. She is expected to develop upward of 26 knots and is powerfully built. MAY ATTACK BY LAND.

Turkish Troops to March Over the Desert to Reach Koweyt.

London, Oct. 1.—The Simla correspondent of The Times cables additional information concerning the alleged Anglo-Turkish troubles in southern Asia. In part the dispatch says:

The ameer of Nejd is said to have been threatening to attack Koweyt, but the presence of the British gunboats in the harbor has caused him to abandon his intention.

It is suggested that Turkey intends to attack Koweyt from the land side. In order to do this the troops would have to march 100 miles over the desert, but this would be practicable with small parties and camels as there is water half way on the caravan route.

RELIGIOUS ORDERS.

Those in France Have Three Days to Conform to New Law.

London, Oct. 1.—A telegram from Paris to The Times says the religious orders in France have now three days only left in which to apply for authorization under the new law of associations.

There are 152 male and 1511 female religious communities in France, in 5 male and 995 female communities were authorized prior to the new law. These, however, must make fresh applications.

The remaining non-authorized communities possess 2010 male and 2383 female establishments. There are altogether 4292 establishments requiring authorization of parliament and 12,176 requiring authorization by state councils. Thus 21,327 establishments have made no application for authorization.

Twelve Miners Entombed.

Manimo, B. C., Oct. 1.—It is learned that the mine here caught fire from a pit lamp and that 12 men who entered to subdue the flames never came back. The fire attacked No. 3 which is connected with No. 1. Several slight explosions occurred. Smoke poured out of all the entrances, flames from No. 2 shot up in the air. All hope for the men in the mine has been abandoned. No water is available and there is no way of extinguishing the fire except by closing up the entrance, which might cause a terrible explosion. There were 20 men in the mine when the fire broke out.

Gun Was Loaded.

Denton, Tex., Oct. 1. The 10-year-old son of Lee Jones at Aubrey died here from the results of an accidental self-inflicted wound from a 22-caliber rifle. He was handling the gun and, not thinking it was loaded, as usual, it went off, the bullet entering his side.

TEXAS LEGISLATURE.

House Rejects Appropriation Bill Agreed upon in Conference.

THE BILL WILL PASS.

Senate Will Not Recede from its Action and the House Will Not Be Held Responsible for Another Special Session.

Austin, Oct. 1.—The house by a vote of 52 to 45 rejected the report of the free conference committee on the general appropriation bill, and voted to send the bills back to the same committee for further consideration. The house does not insist upon this bill in toto, but some of the changes made by the conference committee were vigorously attacked. The conference committee was urged to adjust the bill to meet the view of the house with respect to these items, but if the conference committee stands pat or rather, if the senate conferees refuse to recede, the outlook is that the bill will nevertheless be adopted.

To again reject the report of the conference committee would mean that there would be a third special session, and there are not enough members willing to accept the responsibility for a third called session. Therefore the character of the bill that will be passed will depend altogether upon the view the senate may take concerning the action of the house.

The senate can insist upon the bill, declining to grant another conference, or it can meet the view of the majority of the house, just as it sees fit. The chances are that the senate will refuse to recede from its position to grant a new conference.

According to a strict construction of parliamentary rules, the bill is dead. The senate adopted the report of the conference committee and tabled a motion to reconsider its own action. Adhering to parliamentary rules, it cannot grant another conference except by unanimous consent, and as indicated above, it is not apt to deviate from the letter of parliamentary rules. The house has placed itself almost in same predicament.

The senate reconsidered its action in refusing to confirm the appointment of R. B. Levy as judge of the Fourth judicial district and Mr. Levy was confirmed.

She will reduce the time between New York and Galveston by water to about five and a half days.

Indianapolis, Oct. 1.—Governor Durbin has informed the Kentucky officials here with a requisition from Governor Beckham of Kentucky for the return to that state for trial of W. S. IMMIGRATION TEST.

Those Reaching Australia Required to Write in English Language.

London, Oct. 1.—The Melbourne correspondent of The Times says that Mr. Barton, the premier, in an interview replied to the accusations made by Mr. Reid in debates in the commonwealth parliament.

Mr. Barton says the policy embodied in the immigration restriction bill decided upon before any minister knew of the principles and policy laid down in the dispatch sent by Mr. Clayton. Mr. Barton's memorandum in regard to the dispatch, which caused such a bitter dispute in the commonwealth parliament was disclaimed, and a reiteration of the views the cabinet held previous to the receipt of the letter from the colonial secretary.

The education test provided by the immigration restriction bill is that the immigrants must write 50 words in English from dictation by an immigration officer. Mr. Barton says the majority of members of the federal parliament favor the substitution of European languages for English at the desire of the immigrant. This change has not yet been decided upon. Mr. Barton does not favor the suggestion that the Japanese language be allowed as a test.

Agitation against black labor of any description has been begun in Western Australia.

POLICY OF KITCHENER

Prohibits Luxuries to Longer Be Carried by the Army.

HARMONY IS LACKING

British Officers No Longer Stand by Each Other—Botha's Last Attack Cannot Be Called Guerrilla Tactics in Any Way.

London, Oct. 1.—While Gen. Kitchen's order prohibiting the carriage of pianos and kitchen ranges with mobile columns is exciting the ridicule of the French and German press, it does not indicate the real source of the weakness of the British campaign in South Africa. Military men who know the secret history of the operations assert that the luxuries habits of the officers have been a more serious obstacle than lack of harmony and esprit de corps.

They state that the British officers have always stood by each other and worked together until this campaign, when they have been pulling apart and fighting against one another during the last year. Military feuds and jealousies have been the chief obstacles encountered by Gen. Kitchen.

Of the defense of the Zulu forts, however, as the details are now explained, indicates that the army remains in good fighting form, but accounts are contradictory. The Boers have again displayed great determination in making stands under Botha's leadership and have dispelled the opinion that operations can be described as guerrilla raids.

The war office is drawn a second time into emphatic denials of any want of co-operation and tact between General Kitchen and the military authorities at home.

A dispatch from Pretoria says that while Commandant General Botha was attacking the Natal forts a party of about 40 Boers invaded Zululand and raided cattle belonging to the natives. The burghers then offered to return the cattle as the chief would not undertake to defend the border against the Boers. The chief replied that he would remain true to his king.

Botha's move on the border was clever and enabled him to strike a point a long distance from any railway. Now, however, his only alternatives are the invasion of Zululand or a rapid retreat along its northeast frontier.

Andrew Douglas Dead.

New York, Oct. 1.—Andrew Ellicott Douglass is dead, aged 82. He was born in West Point, N. Y., Nov. 18, 1819, and was the son of Major G. B. Douglass, whose wife was a daughter of Andrew Ellicott, professor of mathematics at West Point. He was graduated from the Kenyon college in 1838. Mr. Douglass engaged in business in 1839 in New York in the concern which became the Hazard Powder company. After his retirement he devoted a great deal of his time to the exploration of Indian remains in this country. He made a collection of over 22,000 archaeological specimens, now exhibited in the American Museum of National History.

Cherokee Constable Killed.

Fort Smith, Ark., Oct. 1.—James Knight, a constable, was killed Saturday night at Cherokee Junction, a small town in the Cherokee Nation, several miles from this city. He was going to his home when he heard a man coming along the railroad track whooping and shouting his pistol. Stepping to the track, he called upon the offender to surrender, but the latter leveled his revolver at him and fired, the ball entered his left breast just below the heart. The assailant fled and his identity unknown. Knight died a few hours after receiving the shot.

Postoffice Estimate.

Washington, Oct. 1.—The official estimates for the fiscal year beginning July 1, 1902, which Postmaster General Smith will submit to congress at the opening of the session, call for an aggregate of \$6,250,000 for rural free delivery service throughout the country. This is an increase of \$2,750,000 over the expense of that rapidly growing service for the current year. The total for the free delivery service proper, which is that operated in cities, is \$18,745,000, an increase of 9 per cent.

NEGRO LYNCHED.

Taken from His Home Near Hallsville by a Mob and Killed.

Marshall, Tex., Oct. 1.—The negro Tom Walker, who killed Julian Atwood at Hallsville, is still at large. Poses are still searching for him. Tom Walker is the son of Anthony Walker, who was hanged here a number of years ago for the murder of a mill man named Henry.

The inquest over the body of the negro Muckelroy disclosed the fact that the latter's home was entered by two white men. They took the negro out of the house and into the woods. Shortly afterwards screams were heard, and when the men went to where they heard the noise they found Muckelroy unconscious on the ground. From the surroundings the negro seems to have been hanged.

Beaten by Negroes.

Luling, Tex., Oct. 1.—At a negro supper on the farm of Dan Darling, about four miles south of here, Deputy Sheriff John Hall and Dan Darling were badly beaten up by a crowd of negroes. Deputy Sheriff Hall, accompanied by Darling went to arrest a negro for non-payment of a fine and the negro ran into the house, the deputy after him. When he caught the negro in the room, several negroes jumped on the deputy, beating him over the head with a piece of iron and other cudgels. When Darling started to the deputy's assistance, he was felled in the yard by and unknown negro. Both the deputy and Darling are badly used up and confined to their beds from wounds on their heads. Officers left at once for scene as soon as notified and now have five negroes in jail and are hot after four more said to be implicated in the row.

Tragedy Near Lake Charles.

Lake Charles, La., Oct. 1.—W. A. Jenkins of Long Leaf, La., was placed in jail here Tuesday for shooting a man named Rufus Climer. The shooting occurred at Long Leaf. The arm was broken at the wrist.

One shot took effect in the ankle, two in the thigh and one in the fleshy part of the hip. Deputy Sheriff Jim Finch appeared on the scene soon after the shooting and E. D. Doyle surrendered to him. Doyle waived examination and was placed under a \$750, which was immediately given.

Number Wells at Beaumont.

Beaumont, Tex., Oct. 1.—The number of wells brought in during the month of September is 20. The August record is 23 and the number brought in previous to Aug. 1 was 20, making a total of 63 gushers at the close of this month.

Aged Texan Dead.

Corsicana, Tex., Oct. 1.—Robert E. LeBeau, aged 85 years, who has been a resident of this city for a quarter of a century, was stricken with paralysis last Friday afternoon, is dead. His aged wife survives him. Mrs. LeBeau was the first white child born in Chicago and her father erected the first wooden building there.

Defective Spelling Trapped Him.

Cincinnati, Oct. 1.—The inability of John Posey, aged 20, to spell the word "please" correctly sent him to the workhouse for four months. Posey was in the police court charged with obtaining goods by false pretenses from a grocery store here. He denied the charge, and efforts to connect him with the theft were futile until he was told by the court to write "please" on a piece of paper to compare it with the word written on orders sent the grocer, on which the goods were delivered. Posey wrote it "plese" as it appeared on the orders. "I would have dismissed you," said the court, "but that 'plese' is too convincing."

MAY ATTACK BY LAND.

Turkish Troops to March Over the De-
sert to Reach Koweyt.

London, Oct. 1.—The Simla corre-
spondent of The Times cables addition-
al information concerning the alleged
Anglo-Turkish troubles in southern
Asia. In part the dispatch says:

The ameer of Nejd is said to have
been threatening to attack Koweyt, but
the presence of the British gunboats in
the harbor has caused him to abandon
his intention.

It is suggested that Turkey intend
to attack Koweyt from the land side.
In order to do this the troops would
have to march 100 miles over the desert,
but this would be practicable with small
parties and camels as there is water
half way on the caravan route.

RELIGIOUS ORDERS.

Those in France Have Three Days to
Conform to New Law.

London, Oct. 1.—A telegram from
Paris to The Times says the religious
orders in France have now three days
only left in which to apply for authori-
zation under the new law of associa-
tions.

There are 152 male and 1511 female
religious communities in France, of
5 male and 905 female communities
were authorized prior to the new law.
These, however, must make fresh appli-
cations.

The remaining non-authorized com-
munities possess 2010 male and 2282 fe-
male establishments. There are alto-
gether 4292 establishments requiring au-
thorization of parliament and 12,176 re-
quiring authorization by state councils.
There are 21,327 establishments have
made no application for authorization.

Twelve Miners Entombed.

Manimo, B. C., Oct. 1.—It is learned
that the mine here caught fire from a
pit lamp and that 12 men who entered
to subdue the flames never came back.
The fire attacked No. 3 which is con-
nected with No. 1. Several slight ex-
plosions occurred. Smoke poured out
of all the entrances, flames from No. 2
shot up in the air. All hope for the
men in the mine has been abandoned.
No water is available and there is no
way of extinguishing the fire except by
closing up the entrance, which might
cause a terrible explosion. There were
20 men in the mine when the fire broke
out.

On Supply Astounding.

Austin, Oct. 1.—T. R. Hoover, a very
wealthy oil producer of Pennsylvania,
who is also interested in the Ohio and
Indiana oil fields, has arrived here from
Beaumont, where he has been for sev-
eral weeks making a thorough investi-
gation of that new oil field. He says
that the magnitude of the Beaumont
field is astounding, and that it is al-
most beyond comprehension by the in-
dustrial world. He says the daily out-
put is 5,000,000 barrels a day.

Sharp Stick for Lawyers.

Hillsboro, Tex., Oct. 1.—District court
convened Monday for the fall term with
Judge William F. Dexter presiding.
Among other instructions to the grand
jury he alluded to a practice sometimes
indulged in by attorneys of going out
and soliciting business. He charged the
grand jury to investigate the matter
and if they could learn of any such
practices here to return bills for each
and every offense so committed.

Executors of Rogers Estate.

New York, Oct. 1.—William Penning-
ton and John S. Parkalow, will qualify
as executors of the will of Jacob S.
Rogers recently admitted to probate at
Paterson, N. J., by Chancellor Magee.
It is expected that a restraining order
from the courts will prevent them from
paying the bequest to the Metropolitan
Museum of Art till the claims of the
preponent are still further contested.

Groped Onto the Track.

Hillsboro, Oct. 1.—A Katy freight
brakeman named Worley was killed at
Elm Mott by the Katy Flyer. The
freight had sidetracked for the Flyer to
pass and the brakeman sat down at the
switch and went to sleep. When the
Flyer came it woke him and he stagger-
ed up on the track as it dashed along,
knocking him some distance and killing
him instantly.

went off, the bullet entering his side.

London, Oct. 1.—A cablegram to The
Times from Hong Kong says the Basel
mission at Ping Tong, northern Kwang
Tung, has been burned by members of
the Triad society of rebels. The mis-
sionaries escaped and have arrived at

Want a Commissioner Named.

London, Oct. 1.—The Simla corre-
spondent of The Times reports that the
Asian tea planters will present a me-
morial embodying a request for the ap-
pointment of a commissioner to consid-
er the present relations between cap-
ital and labor in Asia. There is said to
be no chance of anything definite evolu-
ing from the controversy between the
planters and the chief commissioner for
the province.
